

Garfield Park  Washington Canal Park
Connector Path Project

DESIGN WORKSHOP

Please join us in a community Planning and Design Workshop to help fashion a 3-block improvement under I-295. This bicycle, pedestrian and ADA improvement will link the future Washington Canal Park in redeveloped SE with Garfield Park on Capitol Hill.

-  Learn about existing conditions,
-  Tell us about community needs,
-  Share your ideas about how to dress up an urban freeway underpass.
-  Visit the project website and get your creative juices flowing...
