

GOALS AND OBJECTIVES

TRANSPORTATION IMPROVEMENTS

- Replace outdated infrastructure with context-sensitive bridges and roadways
- Transform key corridors into gracious urban gateways
- Ensure that transit users, bicyclists and pedestrians have access throughout the area

COMMUNITY ACCESS

- Provide better access to both banks of the Anacostia River
- Re-link neighborhoods to each other and the Anacostia River recreational amenities
- Achieve goals through extensive and thoughtful public involvement

ECONOMIC BENEFITS

- Provide access to new workplaces as the area becomes a hub for major employment centers
- Encourage economic development, including a mix of housing and retail, with functional infrastructure
