

YARDS PARK GRAND OPENING

Like no other park in the region,

The Yards Park is a new waterfront destination offering a unique opportunity to enjoy the outdoors and the river. The 5.5-acre park is the size of about four football fields and features a ¼-mile-long boardwalk, great lawn, sculptural pedestrian

bridge, waterfall/canal basin, a 60-foot light tower by the renowned artist James Carpenter, a dog run, as well as lush landscaping. The Yards Park was built through a public/private partnership between the federal General Services Administration, the District of Columbia, and Forest City Washington and is managed and programmed by the Capitol Riverfront Business Improvement District.
